INTRODUCTION

The Diaspora Nation has been ethically and morally created, to inspire TRUST, UNITY and LOVE with our brothers and sisters living in the Diaspora all over the world. Especially with those of us that feel completely disconnected from Mother Africa and finding it very difficult to feel welcomed in western societies, and for the many millions of us living across the USA, UK, CARIBBEAN, EUROPE and more, who have adopted western values, but now find it challenging to adjust our lives to fit in with the values of our brothers and sisters that were born and raised in the Mother Land. The Diaspora Nation is here to unite us all.

OUR DIASPORA NATION

We Diasporans have now become a Global Nation in our own right, that has achieved many great things in the western world, throughout the pain and suffering that many of us had to endure over the centuries. So, now is the time for us to truly unite, under the banner of one Diaspora Nation and to begin using our many skills, resources and finances to forge our own destiny in whatever countries we reside in.

We are a unique Global Nation, that have no need to be defined by borders. A nation that will create many powerful economic systems around the world by simply harnessing the powers of our collective minds. A nation that others will truly respect for our relentless stamina, tenacity and our unique diasporan culture, forged in the face of the harshest circumstances the world has ever seen. A nation that was raised from the ashes of despair, into a global powerhouse, that will stop at nothing to achieve our future goals.

OUR MISSION

We're on a mission to find **ONE MILLION CITIZENS** to join the Diaspora Nation before the end of 2027. Only once this number has been achieved, each member will then be required to start paying a Citizen Fee which will range from £5 Per Month to £100 Per Month. This will give our nation a Continual Cash Revenue Stream of between 5 & 100 MILLION POUNDS each month for us to make great strides towards our goals at speed.

All citizens will receive various benefits according to the Monthly Citizen Fee they decide to commit. These benefits will include: Discounts and Special Offers on products & services we provide, and all citizens will have access to **INTEREST FREE** Personal or Business loans that will NOT be determined by your credit score.

BUSINESS FUNDING

Our nation will begin by funding a multitude of Black Owned Businesses across the Diaspora and Africa which includes: Food Wholesalers & Retail Stores, Restaurants & Eateries, Health & Well Being Centers, Hospitality & Entertainment Venues, Fashion, Hair & Beauty Brands, Music Events, Film & Theatre Shows, Financial & Business Services, AI Technology Projects, Quantum & Robotic Innovations, plus much more. In addition, we will be providing citizens with numerous Investment Opportunities; which will help to secure their financial futures.

BENEFITS & INTEREST FREE LOANS

The benefits for Diaspora Citizens will be awesome, because we will be a nation of 1 Million+ people, which will raise **Millions Of Pounds** in revenue every month from our Citizen Fees and every citizen will have their own personal spending power too. This means that we can collectively **Bulk Buy** various products at huge discounted prices and pass those savings onto our citizens whenever they shop in our Onground & Online Stores. These products will include Food & Clothing, Household Items, TVs, Mobile Phones & Computers, and anything else that our citizens need.

We will also be providing affordable INTEREST FREE Business Loans for those who have been citizens for a minimum period of 12 MONTHS, which will NOT be solely based upon their Credit Score. Therefore, citizens will stand a much greater chance of being approved. If you have been declined, we will always contact you to explain the reason why and advise you on the steps you can take to boost your chances if applying again.
